Generative AI: Introduction and Applications

Generative AI: Prompt Engineering Basics

Generative AI: Elevate your Data Engineering Career

Jun 27, 2024

T. Sathiyanarayanan

has successfully completed the online, non-credit Specialization

Generative AI for Data Engineers

By completing this certificate, the learner has demonstrated that they can differentiate generative AI from discriminative AI, describe real-world generative uses, and identify and use popular generative AI models and tools for text, code, image, audio, and video generation. The learner can explain generative AI prompt engineering concepts, provide examples, and apply prompt engineering techniques that create demonstrably useful outcomes. The learner can identify useful, appropriate generative AI tools for data engineering and apply generative AI for effective data design, extraction, transformation, and loading.
